
Assembler Language Coding Workshop (ES34G)

ID ES34G **Preis** CHF 4'200.– (exkl. MwSt.) **Dauer** 5 Tage

Zielgruppe

This intermediate course is for application programmers and/or beginning system programmers who code, maintain and/or debug application support programs or subroutines written in S/370 or S/390 Assembler Language.

Voraussetzungen

This classroom hands-on lab course provides an introduction to the mainframe Assembler language. The course is designed to develop the skills appropriate to write and/or maintain programs and routines written in S/370 or S/390 Assembler Language. Emphasis is placed on enhancing skills in problem resolution through program check interruption analysis and dump reading.
