AI+ Everyone Fundamentals™(AIEV)

ID AIEV **Preis** CHF 995.– (exkl. MwSt.) **Dauer** 1 Tage

Voraussetzungen

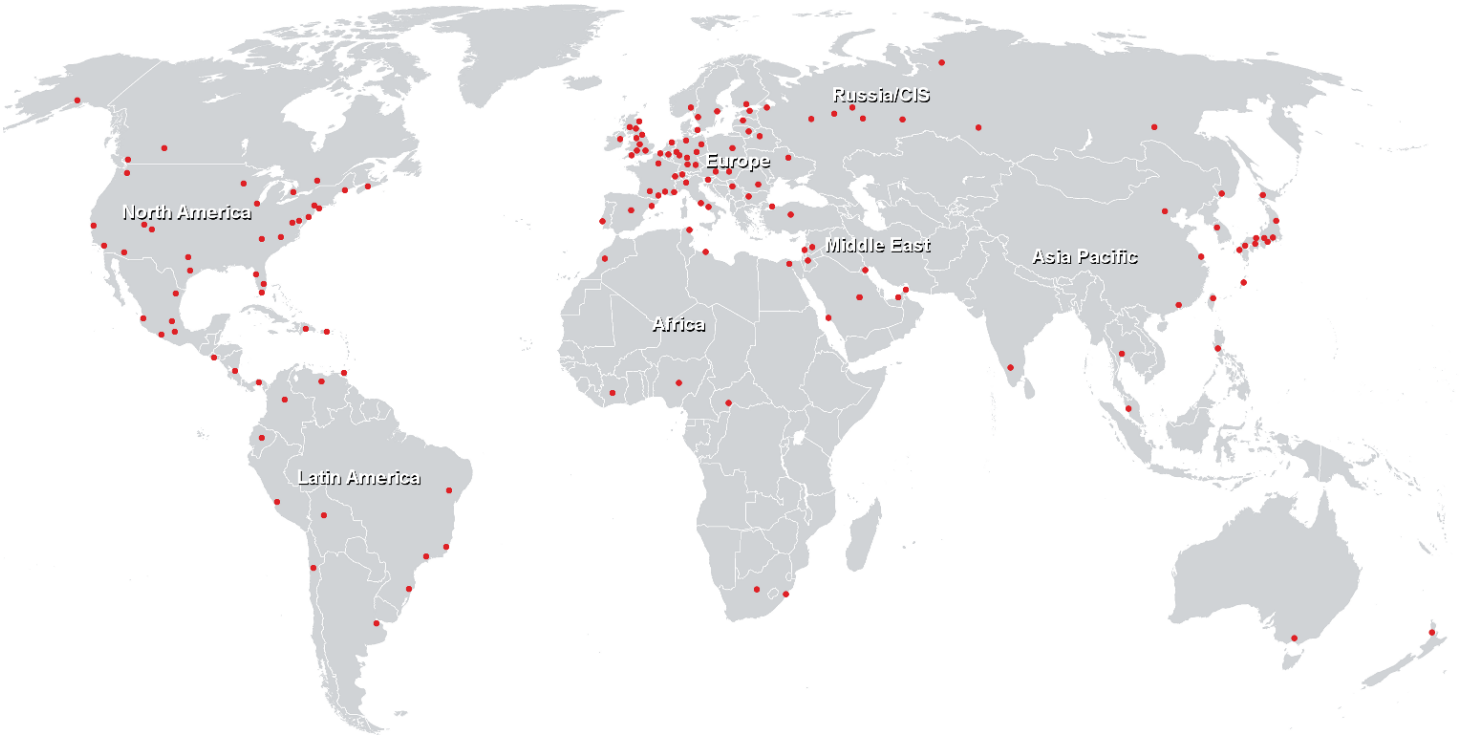

- Understand the basics of digital technologies and how they affect life
- Awareness of ethical principles and societal impact of technology
- Curiosity and openness to learning about new concepts and technologies

Kursziele

- **AI Project Workflow Management**
  - Students will learn to manage AI project workflows from data collection and preprocessing to model building, evaluation, and deployment.
- **Ethical Decision-making in AI**
  - Students will critically examine AI technology and applications' ethical considerations. This includes identifying ethical issues, apply ethical frameworks, and make informed, societally beneficial judgments.
- **Creativity and Innovation with Generative AI**
  - Students will examine how generative AI promotes creativity and innovation. This involves deep learning-based generative models to generate new ideas, designs, and content.
- **Critical thinking and problem-solving**
  - Students will improve their critical thinking and problem-solving skills, evaluate approaches, and create innovative solutions, encouraging innovation and adaptability in AI problem-solving.
