Migrating to AWS (AWSM)

ID AWSM **Price** CHF 2,470.—(excl. VAT) **Duration** 3 days

Who should attend

This course is intended for:

- Solutions architects
- Software engineers
- IT project managers
- Operation leads
- Other individuals involved in the planning and running of migration projects

Prerequisites

We recommend that attendees of this course have:

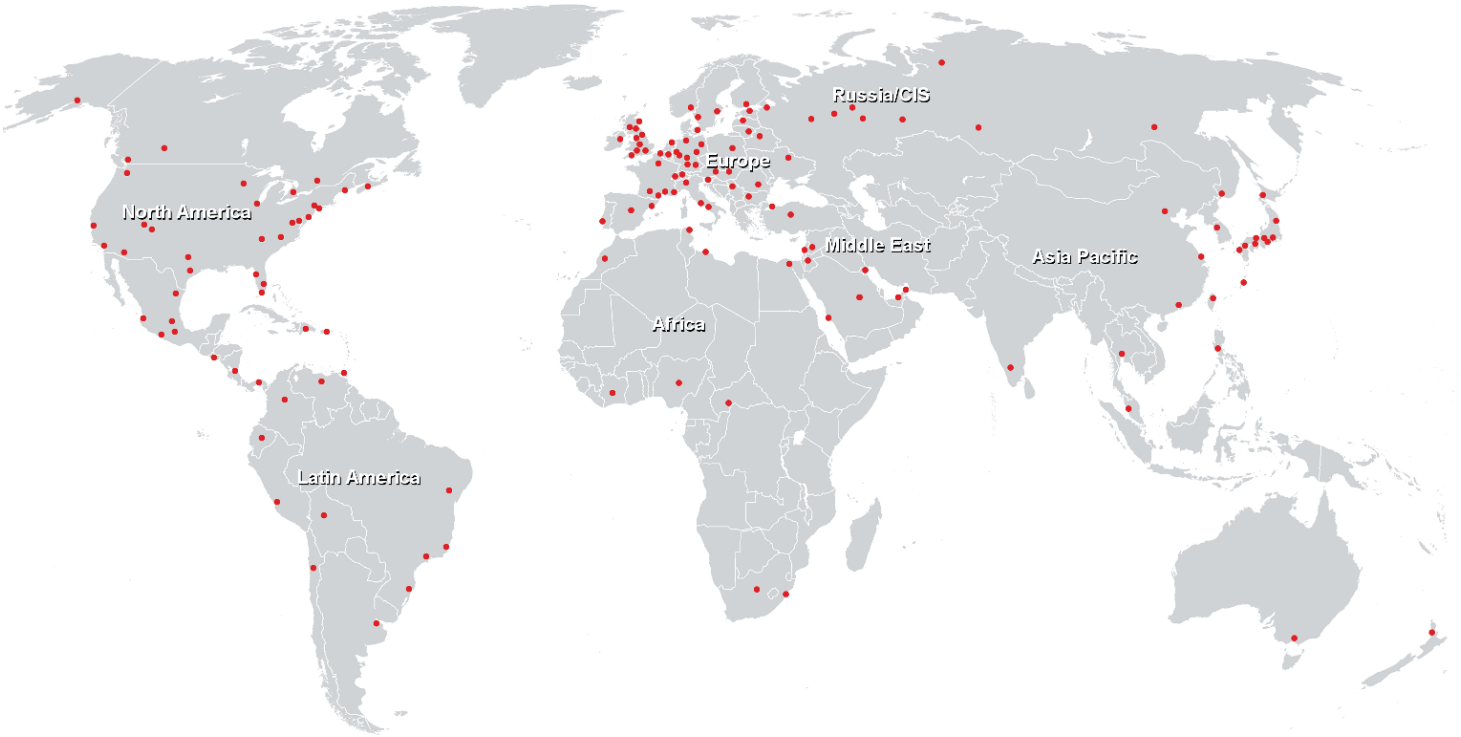

- Familiarity with enterprise IT infrastructure (hardware and software)
- Completed the AWS Technical Essentials (AWSE) or Architecting on AWS (AWSA)
- Achieved their AWS Certified Solutions Architect - Associate Certification Workshop (ACSAA) certification (optional)

Course Objectives

In this course, you will learn to:

- Recognize the common business and technical drivers for migrating to the cloud
- Summarize the three phases of a migration and associated objectives, tasks, and stakeholders for each
- Describe AWS architecture, tools, and migration best practices
- Distinguish between the various cloud migration strategies and when each is most appropriate
- Determine an organization’s application migration readiness
- Discover a portfolio and gather data necessary for migration
- Plan and design an application migration strategy
- Perform and validate application migration to the cloud
- Optimize applications and operations after migrating to the cloud
