Streaming on Cloudera with Apache Flink (DOPS-246)

ID DOPS-246 **Price** US $ 1,760.—(excl. VAT) **Duration** 2 days

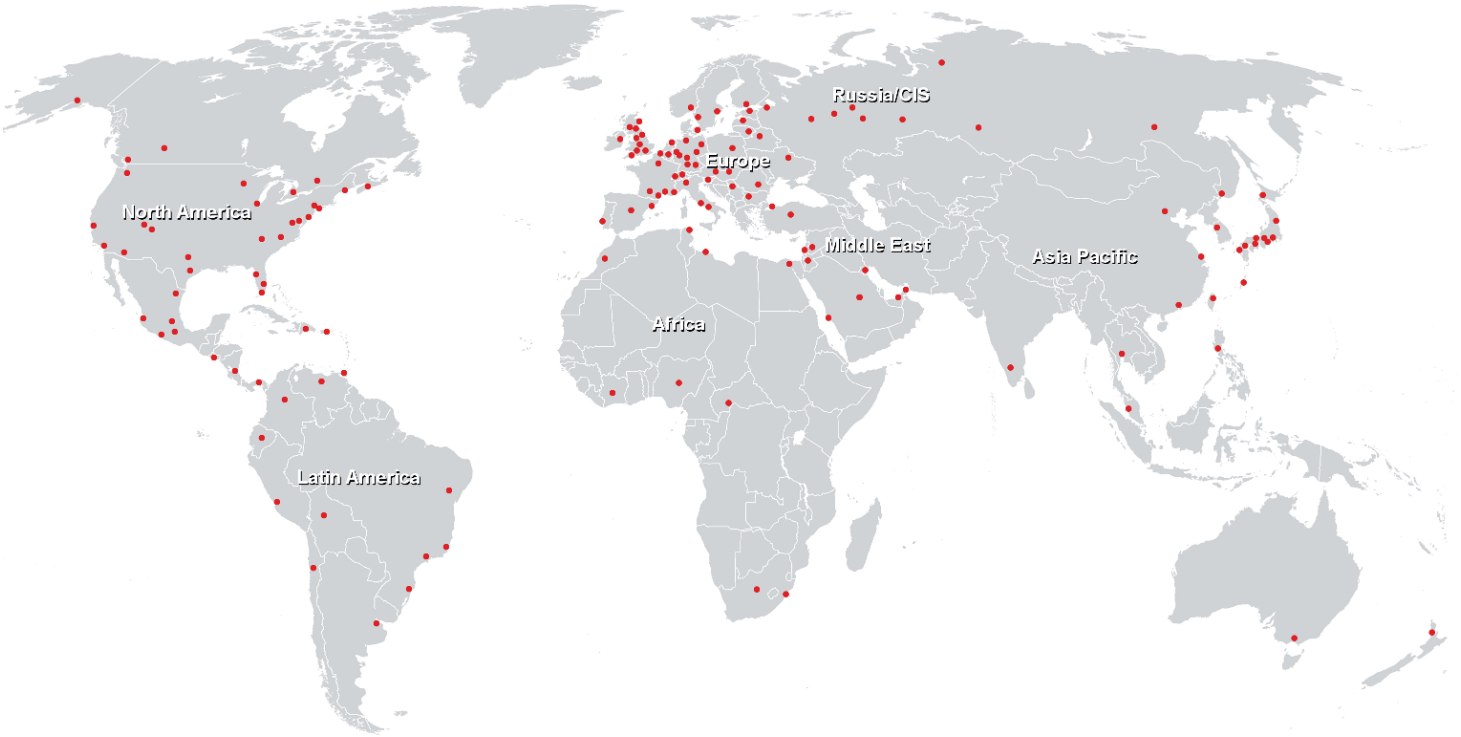

Course Content

This two-day instructor-led training course teaches students the development and operations skills needed to support Cloudera Streaming Analytics, a framework for low-latency processing and analytics powered by Apache Flink and Cloudera's innovative SQL Stream Builder.

Through extensive hands-on exercises, students will gain experience deploying and managing a Flink cluster, developing and running Flink applications, and using SQL Stream Builder's continuous SQL to perform analytics on streaming data.
