Certified Wireless Design Professional (CWDP)

ID CWDP **Price** CHF 2,730.—(excl. VAT) **Duration** 3 days

Prerequisites

- Professional Wireless LAN Administrators
- To earn the CWDP certification, you must pass 2 exams: CWNA and CWDP

Course Objectives

CWDP is a professional level career certification for net-workers who are already CWNA certified and have a thorough understanding of RF technologies and applications of 802.11 networks. The CWDP curriculum prepares WLAN professionals to properly design wireless LANs for different applications to perform optimally in different environments. The CWDP certification is valid for 3 years.

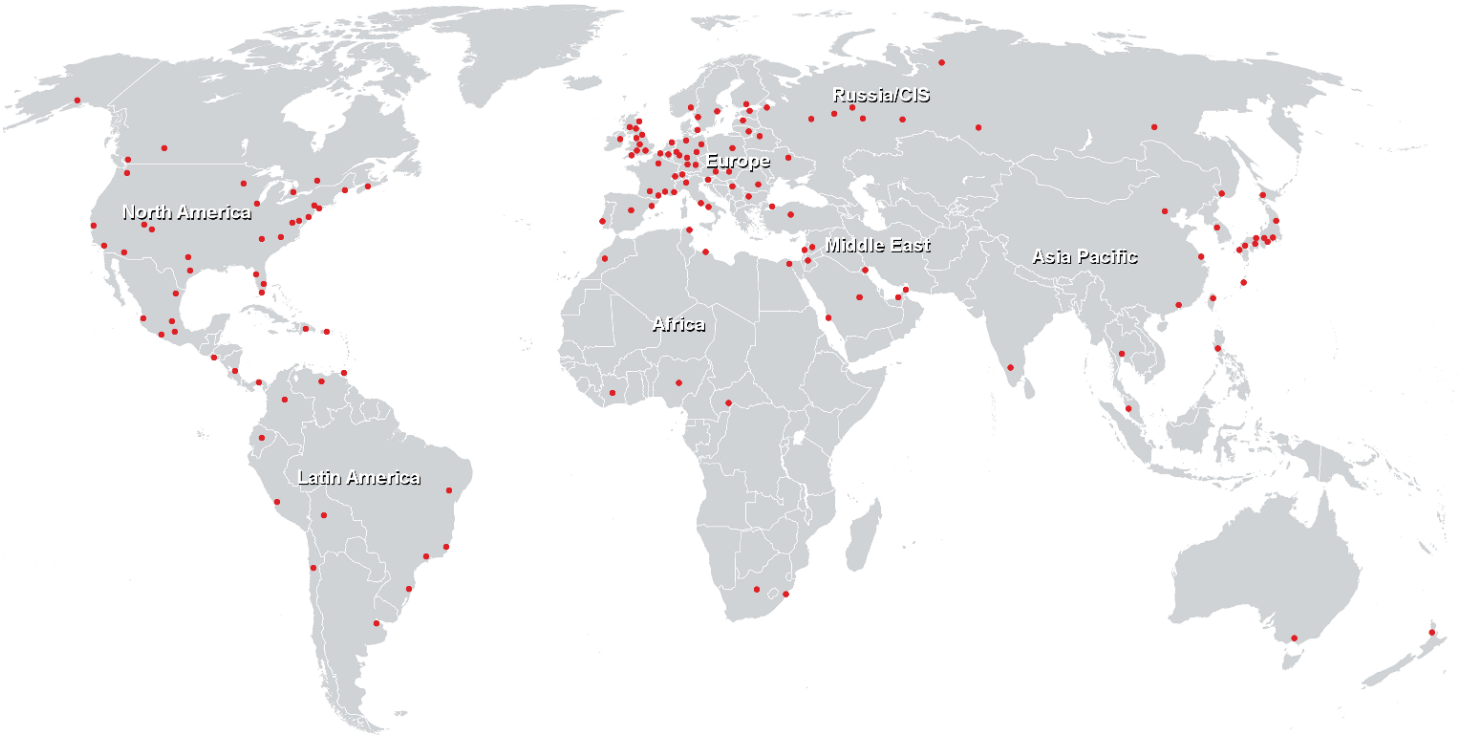

This Course prepares for the CWNP certification exam: CWDP-305.

Course Content

- WLAN Design Overview
- Requirements Analysis
- Designing for Clients and Applications
- Designing for Industry
- Vendor Selection Processes
- Radio Frequency Planning
- WLAN Hardware Selection
- Site Surveys
- Designing for Quality of Service
- Designing for Security
- Installation Testing, Validation and Troubleshooting
