Junos Space - Network Director (JS-ND)

ID JS-ND **Price** CHF 1,050.—(excl. VAT) **Duration** 1 days

Who should attend

This course benefits individuals responsible for managing Junos switching with EX Series, QFX Series, and QFabric devices using the Network Director software in an enterprise network environment.

Prerequisites

Students should have experience with the Junos operating system, including device management, routing, and switching. Students should also attend the Junos Enterprise Switching (JEX) course prior to attending this class.

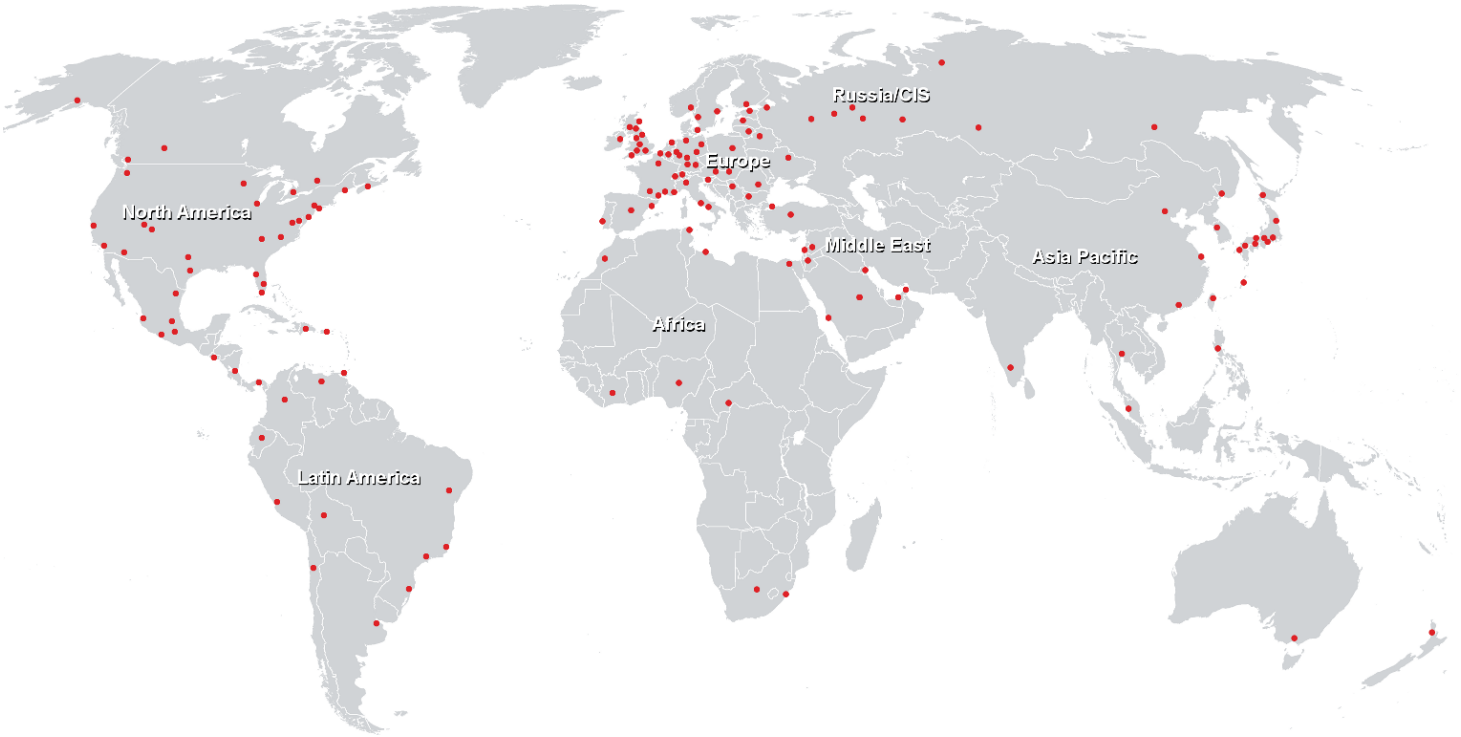

Course Objectives

After successfully completing this course, you should be able to:

- Explain the role of the Network Director.
- Describe the Network Director modes.
- Describe how to build and deploy profiles.
- Explain how to monitor managed devices.
- Discuss how to generate reports through Network Director
