

## Junos Space - Network Director (JS-ND)

**ID** JS-ND **Price** CHF 1,050.—(excl. VAT) **Duration** 1 day

### Who should attend

This course benefits individuals responsible for managing Junos switching with EX Series, QFX Series, and QFabric devices using the Network Director software in an enterprise network environment.

### Prerequisites

Students should have experience with the Junos operating system, including device management, routing, and switching. Students should also attend the [Junos Space Essentials \(JSE\)](#) and [Junos Enterprise Switching \(JEX\)](#) courses prior to attending this class.

### Course Objectives

After successfully completing this course, you should be able to:

- Explain the role of the Network Director.
- Describe the Network Director modes.
- Describe how to build and deploy profiles.
- Explain how to monitor managed devices.
- Discuss how to generate reports through Network Director
