

## Junos Space - Security Director (JS-SD)

**ID** JS-SD **Price** CHF 2,100.—(excl. VAT) **Duration** 2 days

### Who should attend

This course benefits individuals responsible for managing Junos security, switching, and wireless devices using the Junos Space software in an enterprise network environment.

### Prerequisites

Students should have experience with the Junos operating system, including device management, routing, and security policy. Students should also attend the [Junos Space Essentials \(JSE\)](#) and [Juniper Security \(JSEC\)](#) courses prior to attending this class.

### Course Objectives

After successfully completing this course, you should be able to:

- Describe the Security Director platform workspace.
- Explain how to configure firewall policies.
- Describe how to deploy firewall policies to security devices.
- Describe how to manage VPN policies.
- Discuss how to configure NAT policies.
- Explain how to manage IPS policies.
