

# CyberSAFE (CS)

# ID CS Price CHF 500.—(excl. VAT) Duration 0.5 days

### Who should attend

This course is designed for non-technical end-users of computers, mobile devices, networks, and the Internet, enabling employees of any organization to use technology more securely to minimize digital risks.

#### **Prerequisites**

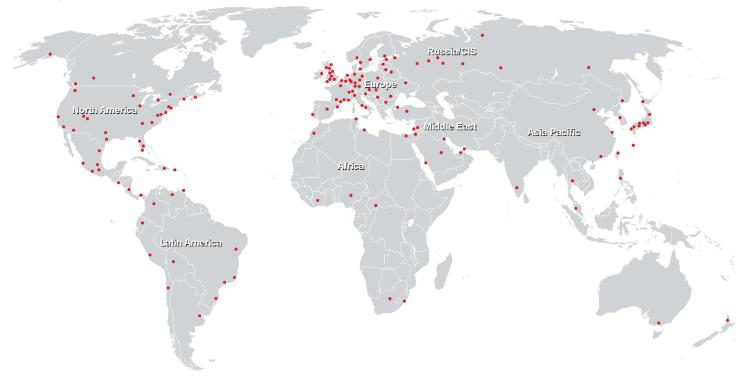

To ensure success in this course, students should have experience with the basic use of conventional end-user technology, including desktop, laptop, or tablet computers, cell phones, and basic Internet functions such as web browsing and email.

#### **Course Objectives**

Students will identify many of the common risks involved in using conventional end-user technology, as well as ways to use it safely, to protect themselves and their organizations from those risks.
