

Introduction to Microsoft Power Platform (PL-900T00)

ID PL-900T00 Price CHF 870.—(excl. VAT) Duration 2 days

Who should attend

This course helps learners understand how Microsoft Power Platform technologies can be used to develop tailored business solutions. It covers how to optimize the use of data by using Microsoft Dataverse and connectors and accelerate business outcomes by using Microsoft Power Apps for low code/no code solutions. Additionally, it covers how to improve processes by using Microsoft Power Automate, enable customer self-service by using Microsoft Power Pages, and boost productivity by using copilots. This course is intended for those seeking to start their journey building solutions with Microsoft Power Platform.

This course is part of the following Certifications

Microsoft Certified: Power Platform Fundamentals (MCPFF)
