Idira Privileged Access Manager Self-Hosted Administration (IDIRA-PAM)

ID IDIRA-PAM **Price** CHF 3,590.—(excl. VAT) **Duration** 4 days

Who should attend

Security Engineers, IT Administrators, Deployment Engineers, and Support Staff

Prerequisites

Participants must be familiar with networking concepts, including TCP/IP, routing, and basic network security. Participants also should be familiar with Windows Server administration, Active Directory, and user permissions. Experience with Linux administration or database management is a plus.

Course Objectives

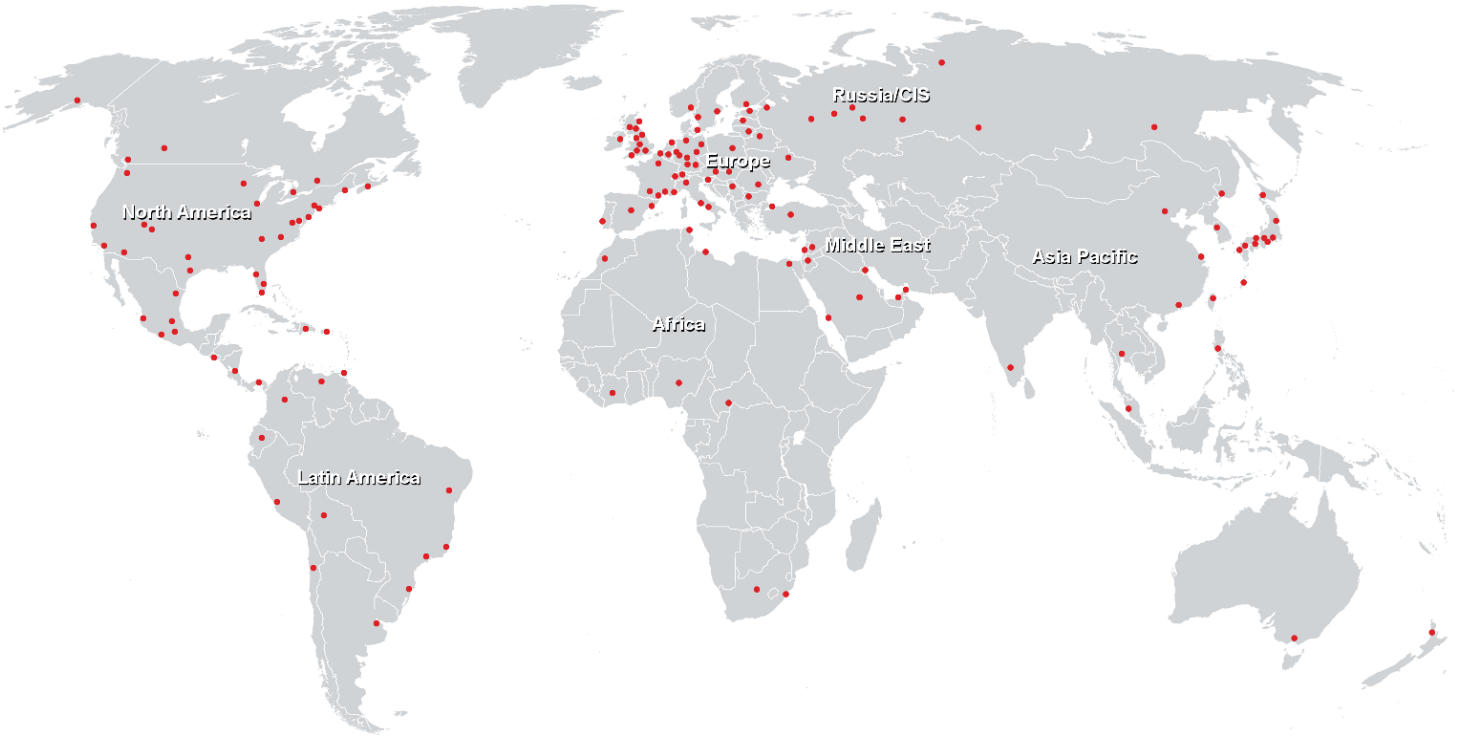

Successful completion of this four-day, instructor-led course should enhance the student's understanding of configuring and administering Idira Privileged Access Management solutions. The course includes hands-on experience onboarding, managing, and monitoring privileged accounts in a lab environment.
