Panorama: NGFW Management (PAN-NGFW)

ID PAN-NGFW **Price** CHF 1,980.—(excl. VAT) **Duration** 2 days

Who should attend

Target Audience

- Security Administrators
- Security Operations Specialists
- Security Analysts
- Security Engineers and Architects

This course is part of the following Certifications

Palo Alto Networks Certified Next-Generation Firewall Engineer (PNGFE)

Prerequisites

- Participants should complete the Firewall Essentials: Configuration and Management (EDU-210) 11.1
- Participants must be familiar with Palo Alto Networks next-generation firewall management and basic networking concepts, including routing and IP addressing

Course Objectives

This course should help students gain in-depth knowledge about configuring and managing a Palo Alto Networks Panorama management server. Administrators that complete this course should become familiar with the Panorama management server's role in managing and securing the overall network. Network professionals will be shown how to use Panorama aggregated reporting to provide them with a holistic view of a network of Palo Alto Networks next-generation firewalls.

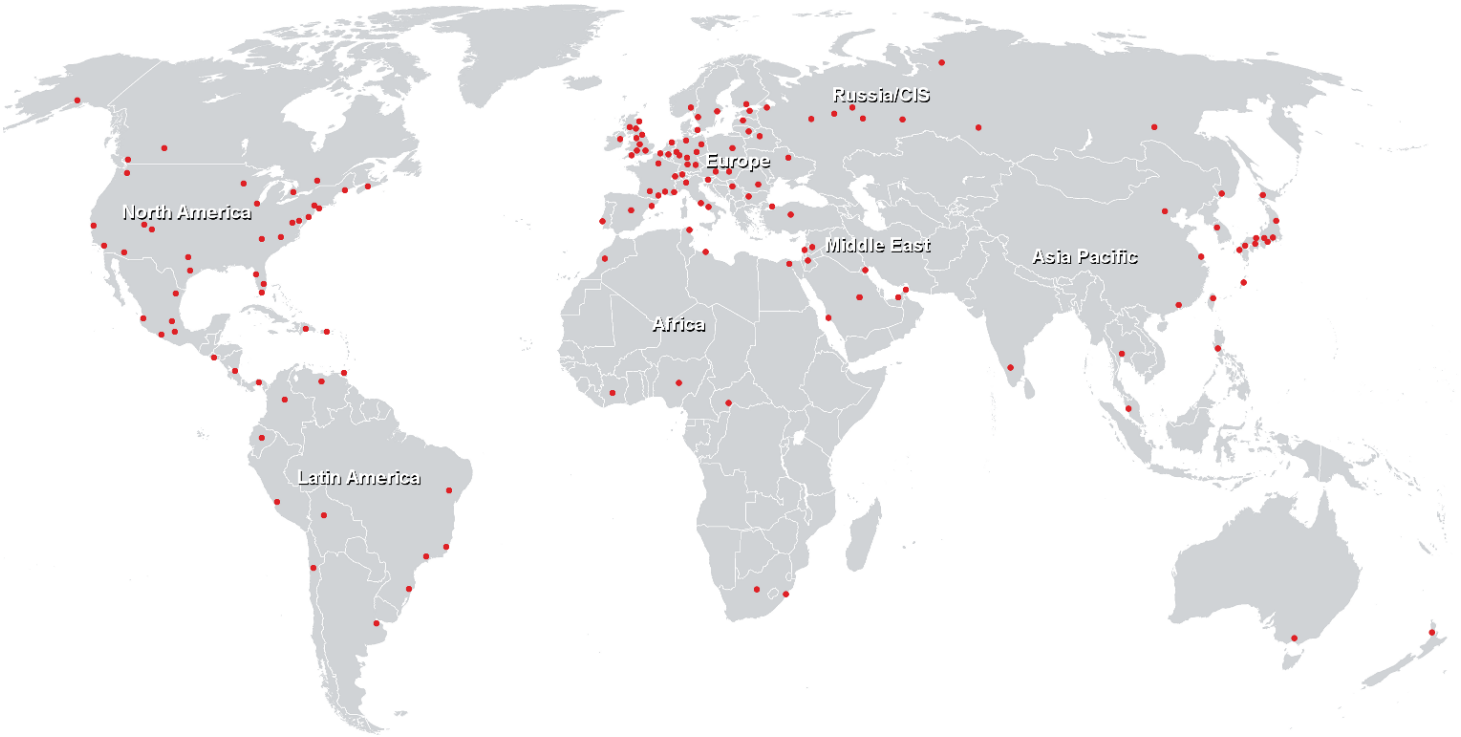

Course Content
