

SAFe® Product Owner / Product Manager (POPM)

ID POPM Price CHF 1,990.—(excl. VAT) Duration 2 days

Who should attend

Program or Project Manager, Scrum Master, Release Train Engineer, Business Analyst, Agile Coach, SAFe Program Consultant, Development Manager, CTO, Consultant, , Architect, Engineer, Director, Product Manager, Product Owner, Delivery Manager, Solution Train Engineer, Software Developer

Prerequisites

All are welcome to attend the course, regardless of experience.

However, the following prerequisites are highly recommended:

- Attend a Leading SAFe® course
- Experience working in a SAFe environment
- Experience with Lean, Agile, or other relevant certifications

Course Objectives

Attendees learn:

- How to perform the role of a PO and a PM on a daily basis
- How to put the customer at the center of your design, build, and test process
- How to prepare for and lead PI Planning
- How to decompose Epics to Features and Features to Stories
- How to collaborate with Agile teams to forecast work

SAFe® POPM answers the questions:

- How do POs and PMs plan and execute work during a PI?
- How do I integrate a customer-centric mindset to deliver products customers want?
- How do you connect SAFe Lean-Agile principles and values to the PO/PM roles?

Course Content

- Becoming a Product Owner/Product Manager in the SAFe enterprise
- Preparing for PI Planning

- Leading PI Planning
- Executing Iterations
- Executing the PI
- Becoming a Certified SAFe Product Owner/Product Manager

What Attendees Get

- Course workbook and SAFe Studio access to help you prepare to take the certification exam, claim your digital badge, and tools to get started in your SAFe role
- Remote learning via SAFe® Virtual Classrooms
- One-year membership to SAFe Studio with your first class attendance
 - Product Management Video playlist and customer research tools to support product owners in their role
 - Platform access to e-learning modules and curated members-only content to support your SAFe transformation
 - Member discussion forms to engage in ongoing conversations on the SAFe framework or how to better perform as part of an Agile Team
 - Curated content-playlists based on your interests and roles, including templated resources and facilitation guides to get you started
- Access to content, tools, and resources you need to practice SAFe every day
- SAFe Product Owner/Product Manager certification exam

Attendees must attend all days of the course in order to qualify for the exam.

Exam Details

Completion of this course gives you access to the exam and all related study materials as part of your Learning Plan in the SAFe Community Platform.

Exam requirements

The first step toward becoming a Certified SAFe® Product Owner/Product Manager is to attend the SAFe® Product Owner/Product Manager course. This is a requirement, because attending the course provides access to all the study materials and

SAFe® Product Owner / Product Manager (POPM)

the exam. Note that attending the course does not guarantee passing the exam.
