Who should attend

- Scrum Master–Team Coach
- Solution Train Engineer
- Existing Release Train Engineer or Solution Train Engineer
- Agile Coach or Agile Program Manager
- Project or Release Manager
- Delivery Lead or Operations Manager
- IT or Business Leader

Prerequisites

All are welcome to attend the course, regardless of experience. However the following prerequisites are highly recommended:

- Experience within an ART for at least one PI
- SAFe Agilist (Leading SAFe)

Course Objectives

Lead the Agile Release Train (ART)

Facilitate key SAFe events, especially PI Planning, to align all teams on a shared mission and vision.

Accelerate ART Coaching and Relentless Improvement

Use AI-powered tools to identify performance patterns, dependencies, and risks you might otherwise miss.

Optimize the Flow of Value

Manage risks and dependencies, foster cross-team collaboration, and remove complex organizational impediments for the entire ART.

Apply Practical, Responsible AI Prompting Techniques

Accelerate complex problem-solving, analyze data, and enhance your personal effectiveness as an RTE.

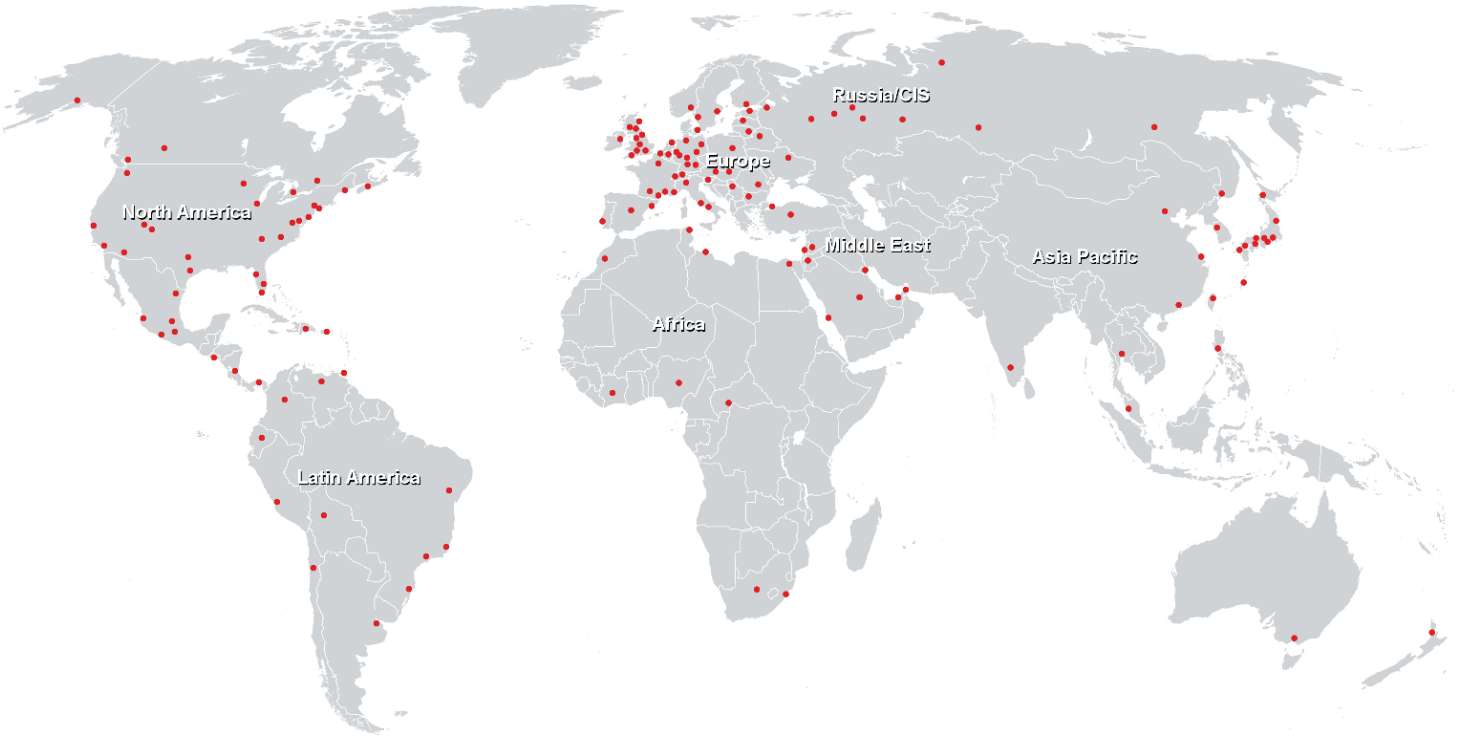

Earning your RTE certification and keeping it active also provides access to SAFe+ benefits like SAFe Skills and selected workshops, in addition to SAFe knowledge articles, community forums, exclusive content, and more.
