Solve Business Challenges with the ServiceNow AI Platform (SBCSAP)

ID SBCSAP **Price** on request **Duration** 1 days

Important notes for the booking of ServiceNow trainings

1. 1. So that we can finally process your registration, you will receive an enrollment request after booking the course. Please carry out the enrollment immediately, at the latest **three** working days before the start of the course, according to the following instructions at ServiceNow: Enrol for Instructor Led Training using Learning Credits
2. Please note that we must receive short-term bookings no later than five working days before the course begins.
3. If you are unable to attend the training date you have booked (e.g. illness, etc.) or if ServiceNow cancels the course, a credit note is not possible under any circumstances. If you cancel, you can name a replacement person. In both cases of cancellation, the validity of your credit remains for 12 months after the order.

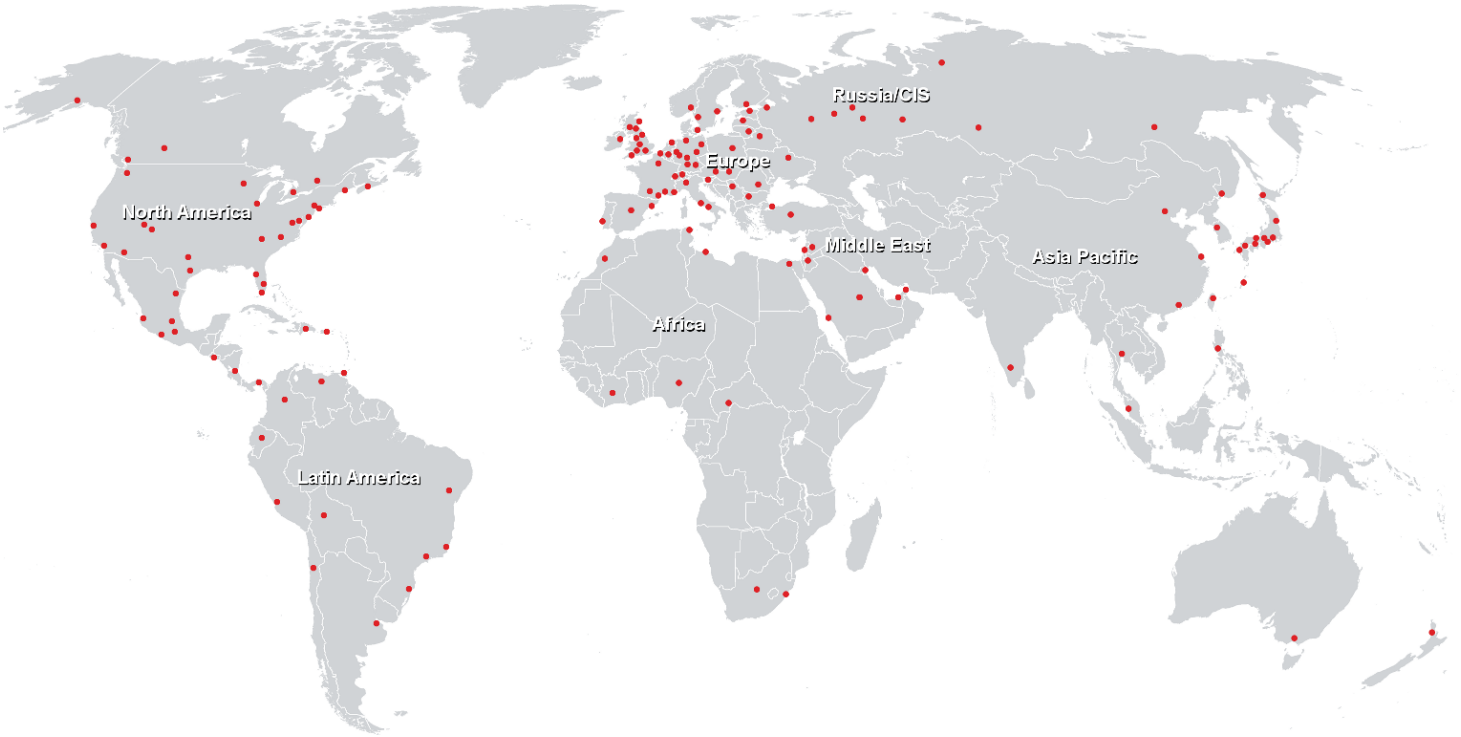

For more information, please refer to the **ServiceNow Terms and Conditions**..

Course Objectives

- Explain the ServiceNow AI Platform and its capabilities functionality, and integration with other products, from a business perspective.
- Identify how ServiceNow solutions can solve common business challenges through the exploration of use cases and industries.
- Analyze organizational challenges and map them to relevant ServiceNow solutions.
- Identify the business value of the different ServiceNow solutions to solve real-world business challenges.
