

Leveraging Lookups and Subsearches (LLS)

ID LLS Price on request Duration 3 hours

This course is part of the following Certifications

Splunk Core Certified User (SCCU)
Splunk Core Certified Advanced Power User (SPCCAPU)

Prerequisites

To be successful, students should have a solid understanding of the following:

- How Splunk works
- Knowledge objects
- Lookups

Course Objectives

- Using Lookup Commands
- Adding a Subsearch
- Using the return Command

Course Content

This three-hour course is designed for power users who want to learn how to use lookups and subsearches to enrich their results. Topics will focus on lookup commands and explore how to use subsearches to correlate and filter data from multiple sources.
