Comparing Values (SCV)

ID SCV   **Price** on request   **Duration** 3 hours

This course is part of the following Certifications

Splunk Core Certified Power User (SCCPU)
Splunk Core Certified Advanced Power User (SPCCAPU)

Prerequisites

To be successful, students should have a solid understanding of the following:

- How Splunk works
- Creating search queries

Course Objectives

- Using eval to Compare
- Filtering with where

Course Content

This three-hour course is for power users who want to learn how to compare field values using eval functions and eval expressions. Topics will focus on using the comparison and conditional functions of the eval command, and using eval expressions with the field format and where commands.
