Fast Lane

Statistical Processing (SSP)

ID SSP   **Price** on request   **Duration** 3 hours

This course is part of the following Certifications

Splunk Core Certified User (SCCU)
Splunk Core Certified Power User (SCCPU)

Prerequisites

To be successful, students should have a solid understanding of the following:

- How Splunk works
- Creating search queries

Course Objectives

- What is Data Series
- Transforming Data
- Manipulating Data with eval
- Formatting Data

Course Content

This three-hour course is for power users who want to identify and use transforming commands and eval functions to calculate statistics on their data. Topics will cover data series types, primary transforming commands, mathematical and statistical eval functions, using eval as a function, and the rename and sort commands.
