

## Transitioning to Splunk Cloud (TSC)

ID TSC Price on request Duration 9 hours

### This course is part of the following Certifications

Splunk Cloud Certified Admin (SCCA)

### Prerequisites

To be successful, students should have a solid understanding of the following courses:

- Intro to Splunk
- Using Fields
- Introduction to Knowledge Objects
- Creating Knowledge Objects
- Creating Field Extractions
- Splunk Enterprise System Administration
- Splunk Enterprise Data Administration

### Course Objectives

- Splunk Cloud Overview and migration
- Managing user authentication and authorization in Splunk
- Managing Splunk indexes
- Configuring Splunk forwarders for Cloud
- Configuring inputs to Cloud, including API, Scripted, HEC and Application based inputs
- Exploring GDI performance considerations
- Installing and Managing applications
- Problem isolation and working with Splunk Cloud support

### Course Content

This 9-hour virtual course is for experienced on-prem administrators and anyone needing to ramp-up on Splunk Cloud to get more knowledge and experience of managing Splunk Cloud instances.

The course discusses the differentiators between on-prem Splunk and the different Splunk Cloud offerings. Modules include topics on how migrate data collection and ingest from on-prem Splunk to Splunk Cloud as well as highlighting Splunk Cloud specific differences and best practices to manage a productive Splunk SaaS deployment. For Splunk Administrators who have undertaken the System and Data Administration learning

pathways, this course highlights key differences between Splunk Enterprise deployed on-premises and Splunk Enterprise Cloud to allow to ramp up their data and system management skills to transition to Splunk Cloud. The hands-on lab provides access to and experience of managing a Splunk Cloud instance.

Note: Splunk Cloud Administration and Transitioning to Splunk Cloud SHOULD NOT be taken together as both are designed to develop Splunk Cloud specific skills and as such there is some overlap.

**Please note that this course may run over two days, with 4.5 hour sessions each day.**
