Cisco Umbrella Technical Workshop (CIUTW)

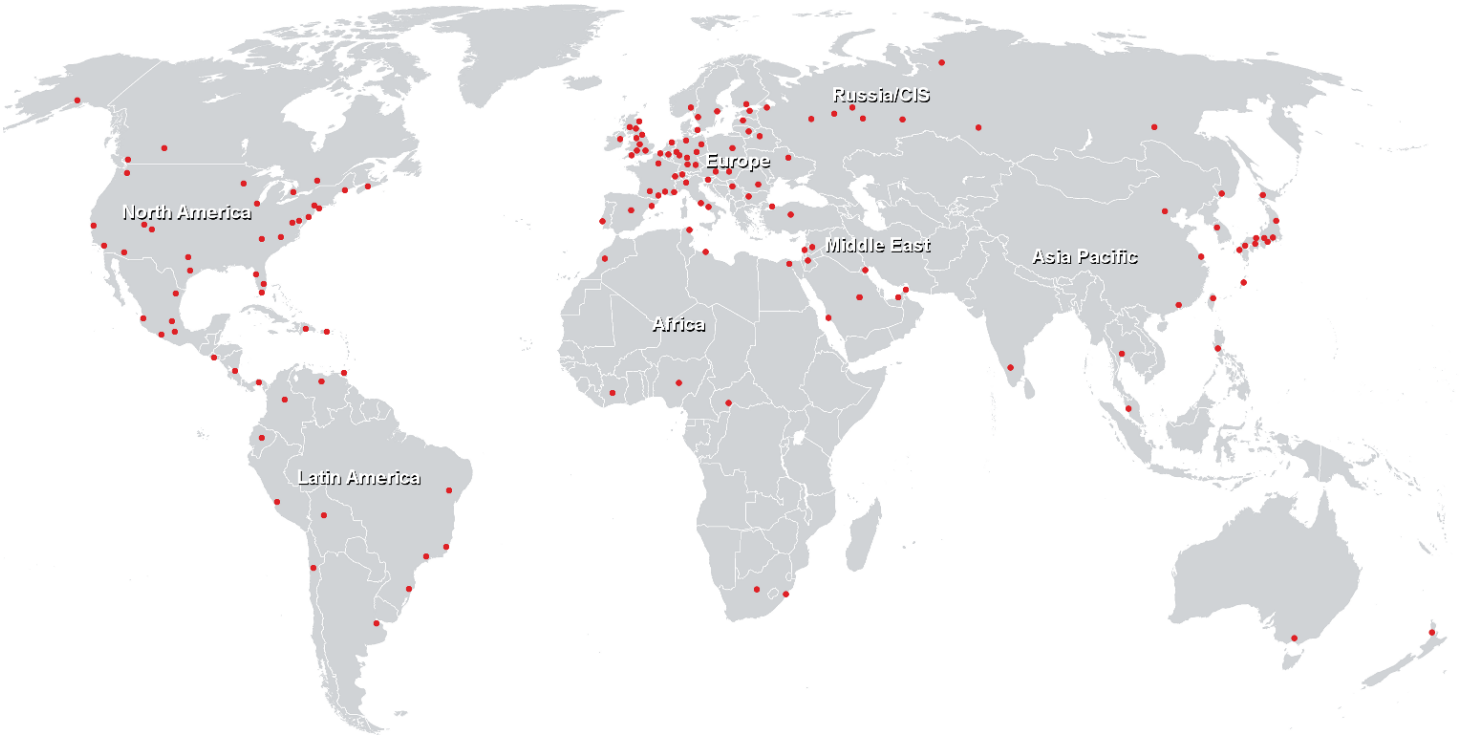

ID CIUTW **Price** on request **Duration** 1 days

Course Objectives

Cisco Umbrella is a cloud security platform that provides the first line of defense against threats on the internet. Being able to understand how this works and what the features are is the key focus of this one day Cisco Class. Delegates will be able to describe the Cisco Umbrellas, understand the various policies and how to integrate Umbrella into their organization.
