

## HPE OneView for Synergy Advanced Topics (H8PF6S)

ID H8PF6S Prix sur demande Durée 3 jours

### A qui s'adresse cette formation

This course is ideal for administrators managing an HPE Synergy platform who want to extend their knowledge on more advanced HPE OneView features and integration.

### Pré-requis

Before attending this course, you should be able to:

- Perform HPE OneView and HPE Synergy Administration tasks in an HPE Synergy environment
- It is strongly recommended that you complete the H0LN3S HPE Synergy Administration course and gain six months of experience in HPE Synergy administration prior to attending this course

### Objectifs

After completing this course, you should be able to:

- Explain advanced HPE OneView features including firmware management
- Use HPE OneView for VMware vCenter Server® for workload management
- Manage HPE OneView security and perform basic troubleshooting
- Use PowerShell Library for HPE OneView for automation

### Contenu

- Module 1: HPE OneView Advanced Features
- Module 2: Workload Management with VMware vSphere Lifecycle Manager
- Module 3: Security, Troubleshooting, and Automation
