Fast Lane

Master Class: Active Directory Deep Dive – Installation, Configuration and Operation (SADDD-L0)

ID SADDD-L0   **Prix** CHF 5 890,– (Hors Taxe)   **Durée** 5 jours

A qui s'adresse cette formation

This course is intended for (prospective) system administrators, consultants and Active Directory designers. After this seminar you will be able to design, implement, support and consult Active Directory.

Pré-requis

At least 2 **years** experience with Microsoft servers **and** client systems

Objectifs

This master class course will focus on Active Directory.

From getting started, to history, to troubleshooting, everything is learned in this course.

The environment is built independently by each participant live in the course and runs in a highly secure data center in Helsinki on their own hardware.

Highly responsive training environments paired with the best trainers and consultants available in the Schengen area: THIS is our MasterClass Active Directory

Active Directory offers a high potential target for cyberattacks in your organization, so with this training, we'll help you understand, maintain, and properly administer this environment.
