

Idira Endpoint Privilege Manager Administration (IDIRA-EPMA)

ID IDIRA-EPMA **Prix** CHF 1 980,- (Hors Taxe) **Durée** 2 jours

A qui s'adresse cette formation

Endpoint Security Administrators, IT Personnel, Deployment Engineers, and Support Engineers

Pré-requis

Participants must have basic endpoint operating system knowledge (Windows, macOS, and Linux) and basic networking knowledge. Participants also need an internet connection and a browser that supports HTML5.

Objectifs

Successful completion of this two-day, instructor-led course should enhance the student's understanding of implementing and managing the Idira Endpoint Privilege Manager (EPM) solution following the Success Path methodology. The course includes hands-on experience covering EPM architecture, agent deployment, policy creation, ransomware protection, and practical knowledge for endpoint security and troubleshooting in a lab environment.
