

Cortex XDR: Investigation and Analysis (PCXDR-IA)

ID PCXDR-IA Prix CHF 1 980,— (Hors Taxe) Durée 2 jours

A qui s'adresse cette formation

This course is for a wide range of security professionals, including SOC, CERT, CSIRT, and XDR analysts, managers, incident responders, and threat hunters. It is also well-suited for professional-services consultants, sales engineers, and service delivery partners.

Pré-requis

Participants should have a foundational understanding of cybersecurity principles and experience with analyzing incidents and using security tools for investigation.

Objectifs

This course is designed to enable you to:

- Investigate cases, analyze key assets and artifacts, and interpret the causality chain.
- Query and analyze logs using XQL to extract meaningful insights.
- Utilize advanced tools and resources for comprehensive case analysis.
