- Have some familiarity working in a Red Hat® Enterprise Linux® environment
- Review the Red Hat Certified Specialist in Cloud-native Integration exam (EX221) objectives
- Take our free assessment to find the course that best supports your preparation for this exam.

Contenu

The Red Hat Certified Specialist in Cloud-native Integration Exam (EX221) tests your abilities to create and maintain enterprise integration services using Camel with Red Hat® Fuse.

An enterprise application developer who becomes a Red Hat Certified Specialist in Cloud-native Integration has demonstrated the skills, knowledge, and abilities needed to create and maintain enterprise integration services based on the Red Hat Fuse framework and application programming interfaces (APIs) for Apache Camel.

By passing this exam, you become a Red Hat Certified Specialist in Cloud-native Integration which also counts toward becoming a Red Hat Certified Architect (RHCA®).
